

Environmental Policy of Dunwoodie Architects Limited

(t/a Dunwoodie Architecture and Design)

Dunwoodie Architects Ltd. (t/a Dunwoodie Architecture and Design) recognises that its activities impact upon the environment both through its internal operations and through its influences and effects on the wider community. It acknowledges a responsibility for, and a commitment to, protection of the environment at all levels.

We will comply fully with environmental legislation, and in addition are committed to continued efforts to: -

- Promote environmental policies and practises in all of its client organisations.
- Increase awareness of environmental responsibilities among all employees.
- Minimise waste and harmful impact, and develop and operate environmentally sound waste management procedures,
- Promote a purchasing policy that will give preference, as far as practicable to those products and services that cause least harm to the environment.
- Avoid wherever practical the use of environmentally damaging substances, materials and processes.
- Promote the efficient use of energy and water among both employees and clients
- Specify wherever possible timber from sustainable (managed) forests
- Promoting a culture of continuous improvement based upon the company's stated objectives and the BS 8555 standard.
